

Reunion Gold Announces Non-Brokered Private Placement to raise up to \$5.6 Million

THIS NEWS RELEASE IS NOT FOR DISSEMINATION IN THE UNITED STATES OR FOR DISTRIBUTION TO UNITED STATES NEWSWIRE SERVICES

Longueuil, Canada, April 17, 2019. Reunion Gold Corporation (TSX-V: RGD) (the “Company”) announces that it plans to complete a non-brokered private placement of up to 29,380,526 common shares of the Company (the “Shares”) at a price of \$0.19 per Share for total proceeds of up to \$5,582,300 (the “Offering”).

The Company expects to close the Offering on or about April 25, 2019, subject to certain conditions including, but not limited to, the receipt of all necessary corporate and regulatory approvals, including the approval of the TSXV. The Company intends to use the proceeds of the Offering for exploration work on its gold projects in the Guyana Shield and for general working capital.

The Offering will be conducted in reliance upon certain prospectus and private placement exemptions. The securities issuable under the private placement will be subject to a hold period expiring four months and one day after the closing date. The Shares have not been and will not be registered under the U.S. Securities Act of 1933, as amended, and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements. This press release does not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of the Shares in any jurisdiction in which such offer, solicitation or sale would be unlawful.

Certain insiders of the Company are acquiring Shares in the Offering. Any participation by insiders in the Private Placement constitutes a “related party transaction” as defined under Multilateral Instrument 61-101 – Protection of Minority Security Holders in Special Transactions (“MI 61-101”). However, the Company expects such participation would be exempt from the formal valuation and minority shareholder approval requirements of MI 61-101 based on the fact that neither the fair market value of the Shares subscribed for by the insiders, nor the consideration for the Shares paid by such insiders, would exceed 25% of the Company’s market capitalization.

The Company will file a material change report in connection with the Offering less than 21 days before the expected closing date of the Offering, which the Company deemed reasonable in the circumstances to be able to avail itself of potential financing opportunities and complete the Offering in an expeditious manner.
